# ALASKA COMMUNITY SHARE

Alaska Community Share leverages the power of community by facilitating workplace giving campaigns. We connect employees and employers with community-based non-profits.

Alaska Community Share has been growing up from the grassroots level since 1985. Together with our member agencies and you, we build our communities with:

- Food and shelter for homeless and impoverished
- Access to health care
- Civil liberties
- Economic opportunities
- Youth development programs
- Violence prevention & treatment
- A healthy environment for all Alaskans

Thank You!

By supporting Alaska Community Share, you have the opportunity to choose how you want your payroll deduction distributed. You can direct your contribution to one or more of our member organizations by designating your gift to the agency of your choice.

Alaska Community Share member agencies are screened carefully every year and are held to strict financial accountability standards. Our donors enjoy peace of mind from knowing that all contributions are appreciated and well-managed.
